

WHO WE ARE

ABOUT THE NATIONAL IMMIGRATION PROJECT

The National Immigration Project is a membership organization of attorneys, advocates, and community members who are driven by the belief that all people should be treated with dignity, live freely, and flourish. We litigate, advocate, educate, and build bridges across movements to ensure that those who bear the brunt of racist criminal and immigration systems are uplifted and supported.

We are a political and legal home for our members - the place where you can get answers to difficult legal questions, learn skills and access resources, connect with broader advocacy efforts, and enjoy the company of a like-minded community of advocates and lawyers.

Come find your people!
